  FIRST 3 WEEKS START WITH LAST YR'S HANDICAP---on the website under Milbank pool stats 2022
- If a new player the handicap will be figured after the first night of play. Example (total of 30 points divide that by 4=7.5 you will enter 8 for the handicap) if the handicap is .5 round up if .49 round down.
- Lowest handicap is 5
  If a player is picked up to play with a team and has a handicap they can use that one, (if the player is a regular that is the handicap used, if a player has played only 1 or 2 times on different teams you are to use the highest handicap.

Holidays and no league dates:

Substitution:
- SUBS First and Last Names must be entered or NONE of your games will count when running master lists for major tournaments and their operators
- If you want to be a sub for more than 1 team then let us know and then every time you play, all your scores will go under your name and you will have to enter your name on the dartboard every time you play.
- New player subbing will figure their handicap at the end of the night, then enter it into the dart board. Example: total of 30 points divide that by 4, equals 7.5 you will enter 8 for the handicap. If handicap is .5 round up; .49 round down.
- A sub from another league must also enter FIRST and LAST NAMES. Then figure handicap as stated above.
